

MOTHERS TO BE

Should Read Mrs. Monahan's Letter Published by Her Permission.

Mitchell, Ind.—"Lydia E. Pinkham's Vegetable Compound helped me so much during the time I was looking forward to the coming of my little one that I am recommending it to other expectant mothers. Before taking it, sometimes I suffered with neuralgia so badly that I thought I could not live, but after taking three bottles of Lydia E. Pinkham's Vegetable Compound I was entirely relieved of neuralgia. I had gained in strength and was able to go around and do all my housework. My baby when seven months old weighed 19 pounds and I feel better than I have for a long time. I never had any medicine do me so much good."—Mrs. PEARL MONAHAN, Mitchell, Ind.

Good health during maternity is a most important factor to both mother and child, and many letters have been received by the Lydia E. Pinkham Medicine Co., Lynn, Mass., telling of health restored during this trying period by the use of Lydia E. Pinkham's Vegetable Compound.

BAR ASSOCIATION MEETS APRIL 6

Election of Officers and Other Important Business to Come Up.

The purpose of the Chattanooga Bar association, which are to stimulate a feeling of respect and esteem among its members, to create and foster a closer acquaintance and to maintain inviolate the highest standard of ethics among its members, will be emphasized to their fullest purport when Col. Ed Watkins, president of the association, calls that body to order for its annual meeting Saturday, April 6, at the Hamilton county courthouse at 11 o'clock. The meeting is for the purpose of electing officers and directors, and the appointing of committees for the ensuing year. Every member of the association is urged to be present by Col. Watkins. The dove of peace will hover over the meeting; harmony in its fullest meaning will prevail and the banner of good fellowship will fly while the gathering settles down to business and re-elects its same officers and directors, while the same committees are reappointed. Col. Watkins, the president; Marion Hope, the vice-president; Marion Hope, the secretary and treasurer, and Miss Minerva McLatchey, librarian, will all be re-elected in the event they decide to accept the honor. The only one who will probably protest against re-election will be Col. Watkins, but it will be not from a desire to retire, but from a feeling that as he is president of the State Bar association, some one should divide honors with him. However, the members say they have no such intention of losing their excellent president and he will, without question, be re-elected. Col. Watkins is one of the most beloved and highly respected members of the Chattanooga bar and recognition of his ability as a lawyer is not alone confined to Hamilton county, but is general throughout the entire state and the south. Col. Watkins always, and at all times, has done much towards placing the bar association on the high plane it now maintains.

Election of Directors.
The first order of business, when the meeting is called, is the election of five directors. The present directors are Col. Ed Watkins, Joe Brown, J. B. Sizer, J. H. Cantrell and Marion Hope. This committee, which has served faithfully and well will be re-elected. After the election of the committee the directors will meet and elect a president, vice-president, secretary and treasurer and librarian. These, however, do not have to be elected from the directorate but from the members of the association. After the election of a president, that official appoints the following committees: Membership, which has three members; memorial, three members; book, three members; and grievance, five members. Probably the most important, and yet at the same time regarded as the most serious and unpleasant of the committees, is the grievance committee.

Duties of Committee.
Col. Watkins, in speaking of the grievance committee Friday morning, outlined the following duties that are imposed on them:
"The duty of enforcing the standard of ethics of this association shall devolve upon a grievance committee composed of five members, a majority of whom shall constitute a quorum."
"Upon information, notice or rumor of unprofessional conduct on the part of any member of this association, it shall be the duty of the grievance committee to immediately investigate the same, and if in its opinion a case of probable guilt exists, to formulate in writing, charges against said member, furnishing him with a copy thereof and presenting a copy to the association."
"When charges have thus been preferred against a member, it shall be the duty of the president to call a special meeting of the association for the purpose of hearing and acting thereon, at the same time notifying the member thus charged of the time and place of hearing by writing, at least five days prior thereto. The president shall preside at such a meeting, and pass upon all questions arising as to the admissibility of evidence."
"It shall be the duty of the grievance committee to conduct the prosecution of the member against whom charges have been preferred."
"Upon the question of guilt or innocence of the accused each member of the association shall be entitled to

This new, characteristic photograph of Sir Gen. Henry Wilson, chief of the British imperial general staff, succeeding Gen. Robertson, was snapped while the general was taking a brisk walk to his office. Wilson is an Irishman, 52 years old, and is held in high esteem not only in England but also in France and Italy. While at the staff college he worked out the main plans for the expeditionary force which were followed out almost to the letter six years later at the outbreak of war.

one vote, and it shall require two-thirds vote of the membership of the association to convict. Upon conviction being had, the question of expulsion or suspension shall likewise depend upon a two-thirds vote of the membership of the association.

"In the event of conviction it shall be the further duty of the grievance committee to present the matter of disbarment of the attorney so convicted before a court having jurisdiction."

MILLION A DAY IS CITY'S QUOTA

Details Being Rounded Out for Third Liberty Drive—Committee Named.

The chairman of the two local sales committees for work in the next liberty loan campaign have been appointed and are at work now lining up their salesmen.

A meeting was held Friday at noon at the manufacturers association, when these chairman were present. They received instructions from the general chairman, W. M. No one will be exempted from serving on the committees unless he is physically unable.

The campaign will be opened Monday night, April 8, when a big dinner will be given the members of all the liberty loan committees at the Hotel Patten. The business men serving on the various subcommittees will be expected to give three days to the campaign and work the territory assigned to them. The money will be raised April 9, 10 and 11, Tuesday, Wednesday and Thursday. As Chattanooga's quota has been placed at \$1,000,000, the slogan will be "A million a day."

Leslie Vickers, a returned officer of the British army, will also be here on that date and talk.

URGE FARMERS TO COME IN MONDAY

Patriotic Meeting at Court-house at 1 p.m.—Judge Cummings to Preside.

The patriotic meeting that is being planned for Monday afternoon at 1 o'clock in the courtroom of the courthouse will be one of the largest of its kind that has ever been held in Chattanooga. Many prominent military men and local citizens will appear on the program.

Invitations are being mailed to the farmers and their families throughout the county. The county court will adjourn for one hour Monday and the county officials will receive the visitors.

Judge Will Cummings will preside at the meeting and will read a special message to the farmers of Tennessee from Gov. Rye.

The urgent invitations that are being sent out through the rural districts are as follows:

"On Monday, April 1, at 1 o'clock, p.m., there will be a meeting of patriotic Hamilton countians held at the courthouse in Chattanooga."

"This meeting will be held under the auspices of the various branches of war activities. Similar meetings are being held pursuant to the call of Gov. Thomas C. Rye in every county in the state on the same day and at the same hour."

"The purpose of the meeting is to outline plans for more effective service to our country in its hour of peril. There will be no collection taken up. You will not be called upon to subscribe to anything. Your presence is earnestly requested."

"Our country needs you. Will you not respond to the call by giving an hour of your time?"

"It is important that you be there and I make this personal appeal to you to quit your work for a little while and help us show that Hamilton county is enlisted behind our boys in the trenches."

"Permit me to impress upon you the urgent necessity for being present at this meeting."

"There will be music by one of the Port Ogilthorpe Military bands and splendid addresses by men well versed on the status of the war."

"Do not fail to respond to this call of duty. I know you will not. Come and bring your family and your neighbors."

"You will feel like a better man after having attended this meeting. It concerns each one of us personally."

CROPS MAY BE DELAYED AS BOATS CAN'T MOVE

Cargo of Fertilizer Held Up On River by Shortage of Hands.

The labor shortage in and around Chattanooga is being felt keenly by manufacturing industries, and especially the Chattanooga Navigation company. Capt. E. D. Bass declares he is having much trouble in securing hands for the loading and unloading of boats. Corn on the river waiting shipment to the market, and hundreds of tons of fertilizer, piled for the out-going boats, and a full crew of deckhands to go with the boat, he said, is their experience at present. Mr. Bass said that on account of inefficient crew, farmers waiting on their fertilizer would be delayed in the planting of their crops.

GOVERNMENT INVESTIGATING CASES OF ENEMY ALIENS

Chicago, March 29.—Government agents today were still investigating the cases of several dozen enemy aliens and pro-Germans who were among the hundred or more persons arrested several days ago in connection with basement celebrations of the German drive. One of the men has been fined \$200 in police court; three were assessed \$25 each and two were fined \$5 each, all on disorderly conduct charges. The roundup netted a num-

ber of "blacklegs" who have been held to the federal grand jury.

THESE TWO MEN ARE SURE IN BAD NOW

Provost Guards Charge Jim Walker and Charles Finley With Series of Crimes.

Jim Walker is in bad again. Jim Walker and Charles L. Finley were arrested Thursday evening by Officers Tate, Light and Sgt. Baldwin, of the provost guard. Walker and Finley are charged with selling whiskey to soldiers, storing whiskey and soliciting women for immoral purposes.

Walker was arrested on the night of Feb. 15 and charged with selling whiskey to soldiers. He was tried before United States Commissioner Sam J. McAllester and bound over to await the action of the federal grand jury. Walker and Finley will be tried Saturday before Judge McAllester.

Dealers Must Have Certificates to Buy Flour

J. W. Abel, Hamilton county's food administrator, is sending out letters to the wholesale merchants and millers of wheat flour advising them to urge their trade to secure printed certificates and use them instead of the written statement when purchasing flour.

Mr. Abel is doing this in order that the merchants may keep up with the sale of the flour and substitutes in a much more systematic way. They will be asked to file these printed certificates in such a way that the administration may at any time refer to them when it is necessary.

The letter as sent out by Mr. Abel is as follows:

"Dear Sir—An approved certificate for millers and vendors of corn meal has been printed by Macdowan & Cooke and may be had from them for 50 cents per hundred. Please ask your salesman to notify the groceryman to urge their trade to secure these certificates and to use them only instead of the mere written statement of the customer that he has the meal, as has often been done. These certificates are to be taken up by the retail merchant in lieu of a sale of substitutes and are then to be turned in the same way to you, that there may be a very necessary check on this trade."

"I am hereby asking you to file with me weekly all of these certificates received by you."
